## Prestige Foods Corporation - No Checks Policy

Attention DoDEA Parents, Students, Faculty and Administrators, please be informed as of August 27, 2012, Prestige Foods Headquarters implemented a new payment policy regarding student lunch accounts. Regretfully, Prestige Foods Corporation can no longer accept personal checks due to the massive amount of fees incurred from receipt of a large number of bad checks over the previous school year. Therefore, Prestige Foods kindly requests payments are made via cash, money order or cashier check by visiting any DoDEA Pacific Guam School Cafeteria between the hours of 7:30 a. m. and 10:00 a.m., Monday through Friday.

Parents also have the luxury to pay online by registering at [www.lunchprepay.com](http://www.lunchprepay.com). Your Student's verified Lunch Prepay account will then communicate directly with your Student's DoDEA Meals Plus account. If you desire to pay online and your student does not have a DoDEA Meals Plus account and you wish to have one established, please contact your Cafeteria Manager to obtain and sign a Prepaid Lunch Account Agreement authorizing Prestige Foods to activate your student's lunch account on the DoDEA Meals Plus system.

Once both accounts are verified; (1), your Student's Meals Plus account in the cafeteria via your signed authorization, and (2), your Student's Lunch Prepay account self established via the web; payments can be made at your convenience via the Lunch Prepay website. Please visit [www.Lunchprepay.com](http://www.Lunchprepay.com) for additional facts. Note, your Student(s) 10 digit student ID is required to establish each account which can be obtained via your school's registrar's office. Should you have additional questions for Corporate, please do not hesitate to contact Heather Wilson at 671-339-2778 or via email at [heather.wilson@prestigefoodscorp.com](mailto:heather.wilson@prestigefoodscorp.com).

Please do not be concerned as Prestige Foods will not allow any student to be without the standard USDA meal. Upon an event in which your student comes through the lunch line and discovers that their account has insufficient funds for lunch purchase, your student will be provided lunch under our Emergency Meal Account Credit Provision as a participant in our Prepaid Account Program. This Program allows a credit limited to the equivalent of three (3) meals with the provision that once this limit has been exhausted, no new charges will be authorized until the unpaid balance has been remedied. Thank you for your understanding.

Sincerely,

Prestige Foods Corporation
